Dear Mayor Barrett

It has been more than 4 months since I submitted 2 Open Records Requests to your office. I am enclosing copies for your convenience.

In addition, I sent a letter to your office on April 9th, 2008 as a follow-up. I have received no response to any of these written requests to date. The Wisconsin Attorney General has made it very clear that Open Records Requests should be given a high priority and the requests should be responded to within 10-14 days. We are well past that timeline.

Last week Thurs. May 29th, my partner Chris Kliesmet and I stopped in your office to inquire about these records. The person who handles these requests for you, was in a meeting, so I left my phone number and asked for a return phone call. I have yet to receive that call.

The fact that your office is not responding to any of my written requests leads me to believe that you or your office is trying to hide something.

I have been very patient in this process but if I don't hear from your office before the end of this week, I will have no other recourse other than to take legal action. I would simply prefer that your office just turn over the records that I have requested.

Thank You

Orville Seymer
